Outstanding Service

Dear Barbara

I would just like to thank you and your team for all the help you have given our company. It is great to know that you can pick up the phone or email and get an answer straight away.

This has been a major help, particularly in our situation, as a start up company. There is so much to organise and to know that you have a team of professionals behind the scenes is very satisfying.

It is great to know that there are a team of specialist, a great bunch of people that are skilled in so many facets of business, thank goodness as I have had to use them on many occasions!

Barbara, you have been no end of help with our structures. This can be difficult and comprehensive to understand. You have a great manner and are able to explain things simply and easily. We now have structures that are suited to our needs, thank you for all of your involvement.

We look forward to many more years of help with our business and personal needs.

Thank you again.

Kind regards

Rachael Speedy
Director NZ Premium Foods Ltd
